EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Beatrice L. Koempel-Thomas on 24 September 2007.

The application has been amended as follows:

In the claims:

Please replace claim 24 as follows:

24. (Currently Amended) A spider application program interface (API) configured as a software module embodied on computer-readable media and executable by a processor to perform acts comprising:

facilitating client communication by invoking an annotated schema runtime engine (ASR);

interfacing with an annotated schema runtime interface (IASR), wherein an IASR application program interface (API) is implemented by the ASR engine and configured as a software module to interface with the ASR engine and to handle requests from a client for a spider cursor function, wherein the spider cursor

function enables the client to navigate within the ASR engine to retrieve elements from the graph;

interfacing with an annotated schema runtime cursor interface (IASRCursor), wherein an IASRCursor API is implemented by one or more annotated schema runtime cursor objects and configured as a software module to interface with an ASR engine and to handle requests from a client for a spider cursor function, wherein the spider cursor function enables the client to navigate within the ASR engine to retrieve elements from the graph;

creating a new node in a graph from information comprising a variable and a constraint; and

storing new nodes and links.
